SpeechMike Exec Classic
Sophistication meets simplicity.

This package combines the benefits of the SpeechMike Classic with the professional dictation software SpeechExec Pro. Featuring an ergonomically-designed 4-Position Switch, the SpeechMike Classic allows you to manage dictations, presentations, e-mail or your PC with just one hand. An optical trackball and a scroll wheel are the key to precise navigation through all of your documents. The professional dictation software, SpeechExec Pro, handles your high-quality sound files – from dictation to archiving.

SpeechExec Pro enables you to easily track work-in-progress thanks to built-in job status information. Your dictation sound files will be automatically transferred via your company network, e-mail or uploaded to an FTP server.

PHILIPS

SpeechMike Exec Classic

Key benefits - hardware

- 4-Position Switch for single handed use
- Dust-proof optical trackball and scroll wheel for precise navigation
- Clearly visible LEDs indicate recording, inserting and overwriting
- Ergonomic design suitable for both right- and left-handed users
- Superb sound quality – ideal for speech recognition
- Compatible with USB 2.0

Key benefits - software

- Easy to use dictation and transcription functionality for organizing recordings
- Priority indexing allows authors to easily define urgent jobs
- Spoken instructions improve communication with the transcriptionist
- Data protection (encryption and decryption) allows only authorized persons to access your documents
- Job status information allows you to track work in progress
- Visible and audible job notifications eliminate errors and decrease turnaround time
- Dictation sound files can be automatically transferred via company network, e-mail or uploaded onto an FTP server
