

Olympus DS-2300 Professional Digital Recorder

Finished in elegant brushed silver, the slim Olympus DS2300 digital voice recorder hangs onto your every word and lets you capture important notes, meetings and seminars in style. Professional one-touch operation puts you in control and allows recordings and adjustments to be made with incredible ease. Up to 199 files can be saved in each of the five folders and use of removable xD-Picture Cards means this voice recorder has virtually unlimited storage capacity. Added to its versatility, it comes with the DSS Player Software to enhance all aspects of file management. Physicians, students and the like can enjoy the ultra-efficient features of the compact DS-2300.

Olympus DS-2300 Professional Digital Recorder

FEATURES

Record up to 5 hours 30 minutes in LP mode with the supplied 16MB xD-Picture Card.

DSS format provides highly compressed file size and superior clarity.

End one dictation and begin the next with a simple press of the 'New' button.

Take advantage of the ability to insert and overwrite on an existing recording file.

- Record up to 5 ½ hours of audio in LP mode using the included 16MB xD-Picture Card removable media.
- Never miss a beat - literally - with the voice activated Variable Control Voice Actuator feature that records audio as soon as it senses sound, conserving memory and battery life, too.
- Directly connect to a PC for fast file transfers with convenient PC Link capability.
- A full dot, backlit LCD provides for easy viewing, even in bright conditions, for clear and quick viewing of recording times, battery life status and more.
- Save files in high-compression DSS format using the included DSS Player software.
 - Manage audio files in up to 5 customizable folders.
- Use the easily accessible "Erase" button to quickly erase single files or entire folders.
 - Switch between "Conference" and "Dictation" settings.
 - Choose between SP and LP recording modes.
- Finish one dictation and begin the next with a push of the "new" button.
- Place index marks at specific points in passages for quick retrieval.
 - Compatible with voice recognition software.
- Enjoy efficient battery power with up to 20 hours provided by two AAA batteries.
 - Compact and lightweight design for easy portability.
